Cut And Trim On The Same Machine

Fletcher is pleased to introduce the Titan Cutter and Trimmer.

The Titan is Fletcher's strongest bench top cutter and trimmer. The Titan's one piece aluminum base and robust clamp rail assembly make it incredibly durable.

Utilizing the same innovative technology as the Gemini and Gemini Pro, the Titan will cut and trim on the same machine.

The ergonomic power grip cutting head provides a comfortable handle which has been designed to deliver cutting force while maintaining accuracy.

A strong and stable base provides a foundation for all of your cutting and trimming needs. Cutting capacity on the Titan includes 40", 60", 80", 100" and 120".

Consider adding the Titan to your business and start saving space, time and money today.

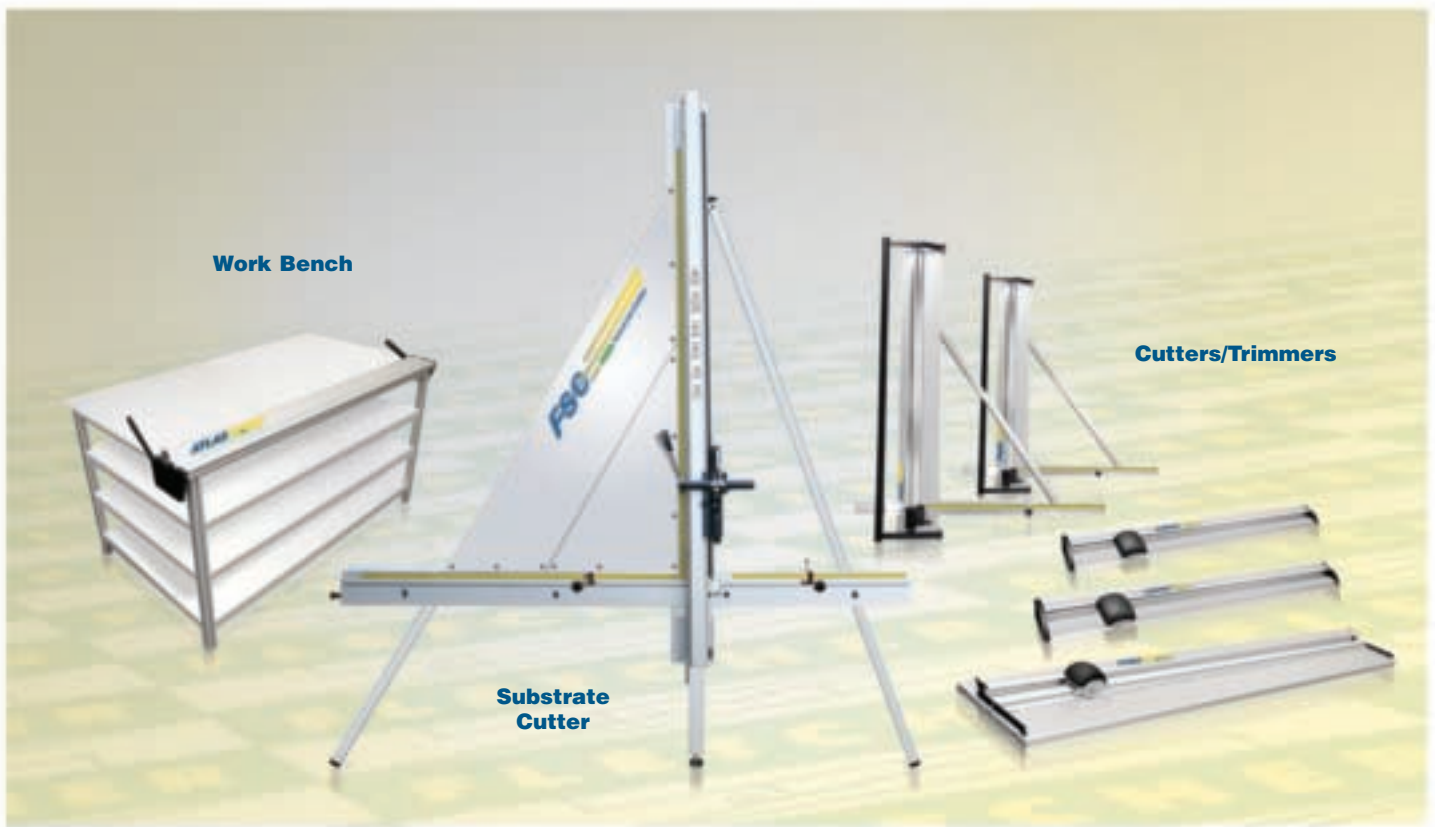

Quick release magnetic blade magazine offers multiple blade depth adjustment to cut materials up to 1/2" thick. This time-tested and proven open magazine design combined with Fletcher's state-of-the-art cutting head will not jam in any environment.

Innovative trimming technology provides consistent trimming in roll stock materials, and has been proven to trim for 1,000's of feet in a wide variety of fabric and vinyl.
