

F48 FLETCHER Cutter/Trimmer

F65 FLETCHER Cutter/Trimmer

Double leverage clamping system provides secure and consistent clamping pressure on rigid and soft materials during the cut.

Shown as wall-mounted version

Switch Between Cut And Trim In Seconds.

Fletcher's F48/65 offers three convenient mounting configurations including wall mount, fixed table mount, portable table mount.

The F48/65 contains a patented cutting head equipped with steel ball bearings that provide smooth gliding action. Its comfortable handle provides leverage and added force during the cutting process. You can also switch from cutter to trimmer easily.

The F48/F65 mounted on the wall makes an ideal and very affordable cutter for all foam-based and corrugated plastics up to 1/2" (13mm) thick, and PVC up to 1/4" (7mm) thick.

Included with all models is a time saving clamp lifter to elevate the clamp during use. The F48/65 offers sizes ideal for many print capacities:

F48: 48" Cut Capacity
F65: 65" Cut Capacity

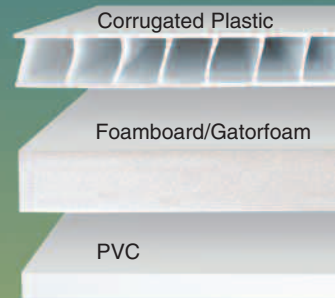

Quick release magnetic blade magazine offers multiple blade depth adjustment to cut rigid materials up to 1/2" thick. This time-tested and proven open magazine design combined with Fletcher's time-tested cutting head will not jam in any environment.

Innovative rotary wheel technology provides consistent trimming of flexible materials, and has been proven to trim for 1,000's of feet in a wide variety of fabric and vinyl products.
