STADUR Viscom Sign

The **lightweight** foam board for limitless ideas

With the light foam panel Stadur Viscom SF, Stadur has developed an innovative product with a high surface strength, which will revolutionise the advertising market. The characteristics are: high rigidity, yet very low weight.

The panel is suitable for both indoor and outdoor use. The Stadur Viscom SF is characterised by a high resistance to scratching and high strength quality. Thanks to the special surface the light foam panels are supremely suitable for all known printing methods.
